Australia has successfully defended its mixed pairs crown at the World Bowls Indoor Championships as Ray

Pearse and Samantha Atkinson claimed their maiden world titles after scintillating displays. The pair would defeat England in the final in a tiebreak to clinch gold and make the long trip home with the title of world champion. Commencing their day against Malaysia's Nor Farah Ain Abdullah and Izzat Shameer Dzulkeple, who took them both out in the singles quarterfinals, the Australians came out firing to lead 7-1 after four ends. Atkinson and Pearse continued the push to finish the opening stanza strongly before racing out to a 10-0 lead in the second to put the result beyond doubt with an end to play and move to the gold medal match with a 9-2 11-3 victory.
The Australians picked up where they left off in the semi with a commanding opening set that saw them just seven ends from glory before the English pair hit back with a brilliant exchange of their own to force a one-end shootout for the gold.

Atkinson was given the mat and it would be her bowl that remained the closest to the jack thanks to a sensational setup from both that neither McMillan or Goodwin could penetrate.

The winter draw has started and will go till September/early October. Once again we thank Paul Hart and his company

Believe It or Not!

And now for something quite different. In the 50's 3D photos and movies started to appear. In more recent times they have lost favour. If you have one of these glasses (right) you will be able to appreciate our 3D offering.
